Dear colleague,

We are pleased to invite you to the **KORRIDOR Final Project Conference on the 10th of November 2011**.

KORRIDOR is a project funded under the European Commission's 7th Framework Programme and is one of eleven **ACCESS4EU** projects which aim to increase the European research community's awareness of opportunities to participate in research, technological development and innovation (RTDI) programmes in industrialised countries outside Europe.

The objective of **KORRIDOR** is to promote opportunities available to European researchers in programmes supported by the Korean government. This event is aimed at **providing lessons and results learned by the KORRIDOR project, informing of Korean RTD programs, participation guideline and best practices** to European researchers, and **comparing and analysing lessons learnt from other Access4EU countries**.

We do hope you will be able to attend this informative and enjoyable event. Details of the programme, venue and registration form are attached. Places are limited so if you would like to attend please complete and return the form by **31th October** to Ji Hyouon Park event@kist-europe.de (Ph. +49 681 9382 335/Fax. +49 681 9382 319).
